

## Proposed planned interventions for 2021- 2022:

Planned Intervention	Objective
Specialist music teaching- 1:1 support and lunchtime/ afterschool clubs	To increase pupil's confidence in performing, increase in self-esteem and ability to collaborate with others. To increase opportunities for Intensive Interaction and speech development. To develop communication skills.
Massage therapy	To support identified pupils with postural management, relaxation and therapeutic needs to ensure they are comfortable and ready to learn.
Access to additional professional services for pupil wellbeing eg. Counselling, educational psychology, hydrotherapy.	To provide additional support to pupils who may need extra support in order to meet their personal, social or emotional needs.
Individual Equipment and resources for pupils	To offer pupils who need additional resources to access learning opportunities to have the equipment they need for use at school and at home.
Support for families	To deliver riding the rapids to families needing support. Online parents group. Access to residential- support payment for pupil.
Forest school- lunchtime/ after school clubs	To offer pupils opportunities for outdoor learning which is pupil led. This will offer opportunities for pupils to be creative, work as part of a team and develops literacy and numeracy skills outside the classroom.
Sports clubs- lunchtime/ after school clubs	To provide opportunities for pupils to develop their literacy and numeracy skills out of the classroom environment.
Intervention groups/ 1:1s for Maths and English	To offer additional support to pupils who have been identified during pupil progress meetings to increase levels of confidence, cooperative skills and subject knowledge.
